

PRESS RELEASE FROM MOMS FOR AMERICA

July 5 2022

Palm Beach County

Soraya Thornton, owner, and designer of La Costa Organic Jewelry, presented the Patriot Mom of Palm Beach County to Angela Templeton, a Moms For America Palm Beach County member, on July 4, 2022.

Templeton was recognized for her heart for the children of Palm Beach County and her effort to bring Conservative values to the PBC school board. Her work for Palm Beach County school board is notable in part because as a homeschool mom, she doesn't have children in the public system. Angela was described as "giving and kind" and embodies the values of faith, family, and freedom that defines Moms For America PBC.

La Costa Organic Jewelry is a design company based in Palm Beach Gardens that thrives on giving back to the community and local charities. La Costa jewelry is known for being exclusive, timeless, and brilliant. Inspired to help women feel beautiful every day, the pieces are handcrafted by fine jewelers in Europe with natural, semi-precious gemstones, Swarovski Crystals, and precious metals. La Costa can be found throughout the USA, Caribbean, and Hawaii at world-class resorts such as Ritz-Carlton, Eau Palm Beach, Mar a Lago, Trump International, and Biltmore.

Thornton said, "It is my honor to support the moms of Palm Beach County that are doing so much for our children, and to support Moms For America in Palm Beach County, who are providing a place to encourage and inspire our moms."

Moms For America Palm Beach County is a gathering of women who stand for faith, family, and freedom and support the moms and children of Palm Beach County. They have received significant support from the community since they began meeting in April, 2022 and are growing exponentially as they reach out to likeminded moms across PBC.

Conservative groups like Moms For America are emerging across the USA and there is a rise in Conservative moms winning school board elections, even in liberal counties.

"Women are realizing that we have the ability to make a difference in our community—just like women in biblical times made an extraordinary impact," says Marina Hofman, PhD, president of Moms For America Palm Beach County and author of [\*Women in the Bible Small Group Bible Study\*](#).

"But it requires boldness and a willingness to say yes to God's call. When we support each other, the task of standing up for our children and defending our freedoms seems much easier."
