

I have known Andy Thomson for years.

With all these negative political attacks I have seen on Andy Thomson lately, I wanted to reach out to set the record straight on the Andy I know and remind you of all that he has helped accomplish for our hometown.

I met Andy Thomson back when he was first running for local office in 2018. I asked him what he planned on doing if elected and his response wasn't just the same old campaign promises we are sadly used to hearing these days. He promised to focus on improving public safety, cutting taxes, and working together.

Now, four years later, I can happily report that Andy kept those promises he made while on the campaign trail, and then some!

As our local Councilman, Andy stood with our first responders and kept them among the highest paid in the county. Now, our city is one of the safest in the state. He cut taxes FOUR TIMES and has never raised them – that's incredible! He worked with everyone – republicans and democrats – to get things done and Boca is better off for it.

We need people like Andy Thomson in Tallahassee fighting for us – regardless of what side they are on.
